#### 5. **SEGMENT INFORMATION**

The Group is principally engaged in the business of underwriting general insurance business. No segment information by geographical location has been presented as the Group's overseas operations in Hong Kong are relatively insignificant.

#### 6. REVIEW OF PERFORMANCE

Gross premiums grew by 5.4% to \$25.5 million. Despite intense competition and higher operating expenses, growth was attained through new businesses secured by leveraging on the parent bank's increased regional activities. The Company's acceptances of offshore risks provided the bulk of the increase in premium income. The majority of domestic risks were renewed at lower premium rates.

Underwriting profit rose by 7.7% to \$3.6 million due to lower net claims incurred and stronger net earned premiums following the adoption of a more flexible risk retention policy. Non-underwriting income was lower at \$4.8 million due mainly to lower realised gains from investments. Consequently, overall profit before tax decreased by 6% to \$8.4 million.

In the opinion of the Directors, no item, transaction or event of a material and unusual nature has arisen in the interval between 31 March 2007 and the date of this announcement which is likely to affect substantially the results of the Company and the Group for the current financial period.

#### 7. PROSPECTS FOR THE NEXT REPORTING PERIOD AND THE NEXT 12 MONTHS

Premium rates in the domestic market are expected to remain soft because of intense competition and excess market capacity. The risk pricings are expected to trend lower, adding further pressures onto thinning underwriting margins. Domestic premium growth will remain challenging. However, the Company's business synergies with the parent bank and increasing premium streams from the regional markets will present opportunities for the Company to expand in the region.

The Company expects to continue to derive profits from both underwriting and investment income.

#### 8. ACCOUNTING POLICY

The financial statements, expressed in Singapore dollars are prepared in accordance with Singapore Financial Reporting Standards (FRS). The accounting policies and computation methods adopted in the financial statements for the quarter ended 31 March 2007 are the same as those adopted in the preceding year.
